Welcome to the New Brunswick Credit Transfer Portal

This portal has been designed to assist you in identifying possible equivalencies or credit transfers that you may be able to receive from a post-secondary institution in New Brunswick.

Link to course-by-course transfer credit listings among NB institutions

Using the portal

To use the portal, select "Search Credits" from the menu, then select from the left-hand list the institution(s) where you have previously obtained credits. Once you have done so, select from the right-hand list the institution(s) to which you are considering applying. Once you have done so, click "Search".

Results

Once your search is completed, you can browse the results to find your previously earned credits and make note of what transfer credit is available from the other institution. Once you have done so, you can use this information during the application and admission process to ensure that you are considered for credit transfer.

Note: It is important to remember that not every course offered by every post-secondary institution has been evaluated for credit transfer. Therefore if your courses do not appear in the credit transfer results, it may still be possible to receive credit for them. Please contact the institution that you wish to attend for more information.

Institutions

Use the "Institutions" menu to get more information on NB post-secondary institutions and to contact them if you have additional questions.
